

A diagram illustrating the relationship between two types of road signs. On the left, a white rectangular sign with the word "OBEC" (Municipality) is shown. A blue arrow points from this sign to a larger, white rectangular sign on the right. This second sign has the word "ZÓNA" (Zone) at the top and a black circle with a diagonal line through it in the center, which is the standard symbol for a "No Entry" or "No Through Road" sign.
